- AVAILABLE TO TENANTS & PROPERTY OWNERS IN COMMERCIAL CORRIDORS

Storefront
Improvement
Program

STOREFRONT IMPROVEMENT

The purpose of the Storefront Improvement Program is to encourage businesses and property owners within commercial corridors to improve the front exterior of their commercial properties, making these areas more attractive to shoppers and growing neighborhood vitality and economic performance.

City of Norwalk property owners or tenants can access financial resources to renovate or restore commercial building exterior facades through the Storefront Improvement Program.

A total of \$50,000 of grant funding will be available each program year which begins on July 1st of each respective year. The program works as a matching grant where the applicant covers 20% of the costs and the grant matches 80% of that cost. The maximum amount available for any business is a \$20,000 project total (\$16,000 in grant funding) within any 4-year period.

The program is a first-come, first-serve model.
