

## STOREFRONT IMPROVEMENT PROGRAM (page 1)

The purpose of the Storefront Improvement Program is to encourage businesses and property owners within commercial corridors to improve the front exterior of their commercial properties, making these areas more attractive to shoppers and growing their vitality and economic performance. The program works as a matching grant where the applicant covers 25% of the costs and the grant matches 75% of that cost. For example, if the project costs \$10,000, the grant will pay \$7,500 and the applicant would be responsible for \$2,500. The maximum amount available for any business is a \$20,000 project total (\$15,000 in grant funding) within any 4 year period.
